

R392. Health, Disease Control and Prevention, Environmental Services.

R392-400. Temporary Mass Gathering Sanitation.

R392-400-1. Authority and Purpose.

- (1) This rule is authorized under Sections 26-15-2, 26-1-5 and 26-1-30.
- (2) This rule establishes minimum standards for the sanitation, operation, and maintenance of a temporary mass gathering to:
 - (a) protect, preserve and promote the health and safety of the public;
 - (b) prevent and control the incidence of communicable diseases;
 - (c) reduce hazards to health and environment;
 - (d) maintain adequate sanitation and public health; and
 - (e) promote the general welfare of the public.

R392-400-2. Applicability.

- (1) Unless exempted in Subsection (2), this rule applies to any person who owns or operates a temporary mass gathering, as defined.
- (2) A temporary mass gathering does not include an assembly of people at a location with permanent facilities designed for that specific assembly, unless the designed occupancy levels are exceeded.

R392-400-3. Definitions.

The following definitions apply in this rule:

- (1) "Drinking water station" means a location where a person may get safe drinking water free of charge.
- (2) "Emergency medical provider" means the same as emergency medical services provider as defined in Section 26-8a-102.
- (3) "First aid station" means a temporary or permanent enclosed space or structure where a person can receive first aid and emergency medical care.
- (4) "Imminent health hazard" means a significant threat or danger to health that is considered to exist when there is evidence sufficient to show that a product, practice, circumstance, or event creates a situation that can cause infection, disease transmission, pest infestation, or hazardous condition that requires immediate correction or cessation of operation to prevent injury, illness, or death.
- (5) "Local health department" has the same meaning as provided in Subsection 26A-1-102(5).
- (6) "Local health officer" means the health officer of the local health department having jurisdiction, or a designated representative.
- (7) "Operator" means a person who represents a group, corporation, partnership, governing body, association, or other public or private organization legally responsible for obtaining the necessary permits for the overall operation of a temporary mass gathering.
- (8) "Owner" means any person who alone, jointly, or severally with others:
 - (a) has legal title to any premises, with or without accompanying actual possession; or
 - (b) has charge, care, or control of any premises, as legal or equitable owner, agent of the owner, or lessee.
- (9) "Permit" means a written form of authorization written in accordance with this rule.
- (10) "Person" means any individual, public or private corporation and its officers, partnership, association, firm, trustee, executor of an estate, the state or its departments, institution, bureau, agency, county, city, political subdivision, or any legal entity recognized by law.
- (11) "Safe drinking water" means potable water meeting the Department of Environmental Quality, Division of Drinking Water rules or bottled water as regulated by the Utah Department of Agriculture and Food.
- (12) "Solid waste" means garbage, refuse, trash, rubbish, hazardous waste, dead animals, sludge, liquid or semi liquid waste, other spent, useless, worthless, or discarded materials or materials stored or accumulated for discarding, materials that have served their original intended purpose.
- (13) "Staff" means any person who:
 - (a) works for or provides services for or on behalf of the operator or a vendor, or
 - (b) is a vendor at a gathering.
- (14) "Temporary mass gathering" or "Gathering" means an actual or reasonably anticipated assembly of 1,000 or more people, which continues or can reasonably be expected to continue for two or more hours a day, at a site or sites for a purpose different from the designed use and usual type of occupancy.
- (15) "Vendor" means any person who sells or offers food for public consumption.
- (16) "Wastewater" means sewage, industrial waste, or other liquid or waterborne substances causing or capable of causing pollution of waters of the state.

R392-400-4. Permit to Operate Required.

- (1) A person may not operate a temporary mass gathering without a valid written permit issued by the local health officer.
- (2) The local health officer may exempt a parade from the permit requirement if the operator submits an application as required in Section R392-400-6 and the local health officer determines that the availability of existing public sanitary facilities, drinking water and trash containers is sufficient to protect public health.
- (3) A temporary mass gathering may not exceed 16 consecutive days unless otherwise approved by the local health officer.
- (4) The local health officer may attach conditions or grant waivers to a permit, in accordance with this rule, to meet specific public health and safety concerns.

R392-400-5. Gathering Operator Required on Site.

- (1) The operator shall establish a headquarters at the gathering site.
- (2) The operator or the operator's designee shall be present at the gathering during operating hours.

R392-400-6. Permit Application Required.

(1) The local health officer shall prescribe the application process, and shall require the applicant to submit an application at least 15 days before the first advertisement of the gathering and at least 30 days before the first day of the gathering. The local health officer may grant an exception to this requirement on a case by case basis because of the nature of the event, scarcity of problems associated with the event in the past or other public health related criteria.

(2) An application for a permit shall be submitted to the local health officer and include the following information:

- (a) name, address, telephone number, and email of the operator;
- (b) number of people expected to attend the gathering;
- (c) a description of the type of gathering to be held with the date range and times the gathering will be held;
- (d) estimated length of stay of attendees;
- (e) name, address, telephone number, and email of property owner;
- (f) the location of the gathering and a site plan delineating the area where the gathering is to be held including the following:
 - (i) the parking area available for patrons;
 - (ii) location of entrance, exit, and interior roadways and walks;
 - (iii) location, type, and provider of restroom facilities;
 - (iv) location and description of water stations;
 - (v) location and number of food stands, and the types of food to be served if known;
 - (vi) location, number, type, and provider of solid waste containers;
 - (vii) location of operator's headquarters at the gathering;
 - (viii) a plan to provide lighting adequate to ensure the safety of attendees and staff;
 - (ix) location of each parking area designated for the gathering and under the operator's control; and
 - (x) the location of each first aid station and emergency medical provider;
- (g) the name of the solid and liquid waste haulers with whom the operator has contracted, unless exempted by this rule;
- (h) a site clean up plan after the gathering;
- (i) the total number, and qualifications of first aid station personnel;
- (j) a plan for directional and exit signs;
- (k) a plan developed by the operator to address nuisances or health hazards associated with animals present at the gathering;
- (l) a plan to address hazardous conditions as required in Section R392-400-12;
- (m) information and plans on any artificially constructed structure or modified natural structure intended for recreational or therapeutic purposes where the public may be exposed to water via contact, ingestion, or aerosolization;
- (n) an emergency medical services operational plan and the contact information of the emergency medical provider; and
- (o) any other information specifically requested by the local health officer as necessary to protect public health.

R392-400-7. Inspections.

(1) The local health officer may conduct inspections before, during, and after a gathering to ensure compliance with this rule, and approved plans.

(2) The operator shall provide the local health officer with access to each area of the gathering that the local health officer deems necessary with the number of access credentials requested.

(3) The operator shall effectively communicate the local health officer's access privileges to staff.

R392-400-8. Notice of Violation or Closing.

(1) The local health officer may issue a notice of violation to the owner, operator or the operator's designee if the gathering fails to meet the requirements of this rule or the conditions of the permit.

(2) The local health officer shall, in accordance with Rule R392-100 Food Service Sanitation, direct the disposition of any food items, including ice and water, that have been adulterated or are otherwise unfit for human consumption.

(3) The local health officer may issue and post a notice of closure of the gathering or affected part to the owner, operator or the operator's designee if the local health officer determines that conditions at the gathering constitute a serious or imminent health hazard.

(4)(a) No gathering site or affected part that has been closed may be used for a gathering until the local health officer determines that the conditions causing the closure have been abated and written approval is received from the local health officer.

(b) The local health officer shall remove the posted notice described in Subsection (3) when the imminent health hazard has been remedied.

(5) No unauthorized person may deface or remove a posted notice from any gathering site that has been closed by the local health officer.

(6) The operator may appeal a notice or closure in accordance with the procedures established by the local Board of Health or Title 63G, Chapter 4, Administrative Procedures Act, whichever applies.

R392-400-9. Solid Waste Management.

- (1) The operator shall contract with a solid waste hauler approved by the local health officer.
- (2)(a) The operator shall provide and strategically locate enough covered waste containers to effectively accommodate the solid waste generated at the gathering, as approved by the local health officer.
- (b) The operator shall provide waste containers next to the hand wash stations.
- (3) The operator shall ensure that the waste containers are emptied as often as necessary to prevent overflowing, littering, or insect or rodent infestation.
- (4) The operator shall ensure that solid waste is cleaned from the property periodically during the gathering and that, within 24 hours following the gathering, the property is free of solid waste and is clean. The local health officer may allow for more than 24 hours to clean up the site because of the time of year, nature of the event or other extenuating circumstances if the local health officer is satisfied that the extension will not adversely affect public health
- (5) The operator shall ensure that solid waste is prevented from being blown from the gathering site onto adjacent properties.
- (6) The operator shall ensure that solid waste is collected and disposed of at a solid waste disposal or recycling facility meeting state and local solid waste disposal requirements.
- (7) The operator, staff, participants, and spectators shall comply with applicable state and local requirements for solid waste management.

R392-400-10. Site Maintenance.

- (1) Buildings, structures and overnight parking provided for the gathering shall be maintained safe, clean, in good repair, and shall comply with applicable laws.
- (2) The operator shall eliminate any infestation of vermin within any part of a structure intended for occupancy, food storage, or restroom facilities before, during, and immediately following a gathering.
- (3) The operator is responsible for the maintenance and sanitation of the gathering site and facilities. The operator shall take steps to prevent and abate any nuisance or insanitary condition that may develop.
- (4) A gathering site shall be constructed to provide surface drainage adequate to prevent flooding of the gathering site and to prevent water related nuisances on adjacent properties.
- (5) The operator shall ensure sufficient signs identifying and showing the location of first aid, restroom, and drinking water facilities so spectators and participants can readily find them from any place on the gathering site.
- (6) The operator shall provide lighting adequate to ensure the safety of attendees.
- (7) Each parking area used for the gathering and under the control of the gathering operator shall meet the requirements of this rule.

R392-400-11. Emergency Medical Care Requirements.

- (1) The operator shall ensure that:
 - (a) the gathering has at least one first aid station;
 - (b) emergency medical care and necessary supplies and equipment are provided as determined by the local health officer, the emergency medical provider, and the emergency medical operations plan;
 - (c) first aid stations afford privacy to a person receiving care or treatment;
 - (d) first aid stations are of sufficient size to accommodate the number of care givers required, and the predicted number of sick or injured persons;
 - (e) first aid stations are strategically located to provide expedient medical care for those attending or participating in the gathering;
 - (f) first aid stations are easily accessible by emergency vehicles;
 - (g) the emergency medical provider is provided with a map of the gathering site that includes:
 - (i) location of first aid stations;
 - (ii) emergency vehicle ingress and egress routes;
 - (iii) landing zones, if applicable; and
 - (iv) rendezvous locations;
 - (h) a first aid station that is clearly marked and identifiable as a first aid station is provided;
 - (i) medical staff have access to telephones or radios to contact outside emergency medical services;
 - (j) the staff person in charge of the first aid station keeps accurate records of patients and treatment; and
 - (k) the local health officer is notified of each case involving a serious injury or communicable disease in accordance with Rule R386-702, Communicable Disease, and Rule R386-703, Injury Reporting.
- (2) The local health officer or emergency medical provider may require:
 - (a) more than one first aid station;
 - (b) additional emergency medical services personnel as deemed necessary; or
 - (c) the operator to provide dedicated stand-by ambulances and personnel at the gathering.

R392-400-12. Hazardous Conditions.

The operator shall develop contingency plans for any dangerous condition that may occur during the gathering. The plans may include evacuation, cancellation, or delay of the gathering, and provision for support facilities.

R392-400-13. Food Protection.

- (1) The operator and vendors shall comply with Rule R392-100, Food Service Sanitation.
- (2) The operator shall assure that food vendors get required food service operating permits from the local health department.

R392-400-14. Safe Drinking Water Supply Requirements.

- (1) The operator shall provide water free of charge and strategically locate drinking water stations to effectively meet the drinking water needs of attendees and staff.
- (2) Supplied potable drinking water for public use shall be:
 - (a) dispensed from a potable water supply system that is designed, installed, and operated according to the requirements set forth by:
 - (i) the Utah Department of Environmental Quality, Division of Drinking Water under Title R309, Drinking Water; and
 - (ii) local health department regulations; or
 - (b) commercially bottled water meeting 21 CFR 129, Processing and Bottling of Bottled Drinking Water and 21 CFR 165.110, Bottled Water from a company registered with the U.S. Food and Drug Administration and the Utah Department of Agriculture and Food.
- (3) Drinking water hauled to the gathering shall be hauled and dispensed in a manner that protects public health as determined by the local health officer.
- (4) At least four drinking water stations are required. An additional drinking water station is required for each additional 500 attendees above 1,000 persons. The local health officer may reduce the number of additional drinking water stations or require more than one drinking water station for each additional 500 attendees above 1,000 persons because of the time of year, heat index, nature of the event or other public health related criteria. If containers are needed to drink the water at the required drinking water stations, the operator shall provide single use containers.

R392-400-15. Wastewater Disposal Requirements.

- (1) Wastewater shall be disposed of in accordance with state and local wastewater rules.
- (2) The operator may use portable restroom facilities and wastewater holding tanks as determined by the local health officer.
- (3) The number of toilets shall be provided in accordance with Table 1.

TABLE 1					
Minimum Numbers of Toilets Required					
	Average Time at Gathering (hours)

65,000	495	575	654	734	813
Each additional 10,000	75	88	100	113	125

(4) If alcoholic beverages are consumed at the gathering, the operator shall increase the number of required toilets by 40%.

(5) Five percent, with a minimum of one, of the required number of toilets shall be accessible and shall be identified by the International Symbol of Accessibility in compliance with 36 CFR 1191, Americans with Disabilities Act Accessibility Guidelines.

(6) For an event lasting longer than ten hours, the number of required toilets is calculated by adding the number of toilets for ten hours to the number of toilets for those hours over ten or a portion thereof, as determined in Table 1.

(7) The operator shall locate portable toilets a minimum of 100 feet from any food service operation and not more than 300 feet from grand stand or spectator or from other areas of activity that pertain to the gathering, as outlined in the permit application. Where site conditions limit the placement of portable toilets, the local health officer may allow exemptions to these distances.

(8)(a) The operator shall provide working hand wash stations at a minimum rate of one per ten portable toilets or portion thereof.

(b) The operator shall provide soap, water and single use towels at each hand wash station.

(c) Where conditions make the use of soap and water impractical, the local health officer may allow sanitizing gel in place of soap and water.

(d) Sanitizing gel may not be used in place of soap and water at hand wash stations used by food service workers.

(9) The operator shall provide a minimum of one covered trash container for every ten portable toilets or portion thereof.

(10) The operator shall ensure that portable toilets are of sound construction, easily cleanable, and durable.

(11) Each portable toilet shall be secured against vandalism and adverse weather conditions by tie-downs, anchors or similar effective means.

(12) The operator shall contract with a liquid waste hauler that is permitted by the local health department in accordance with Rule R317-550, Rules for Liquid Waste Operations.

(13)(a) The operator shall ensure that wastewater is removed from each portable toilet at least once every 24 hours or more frequently as necessary.

(b) On a case by case basis, the local health officer may change this frequency because of the time of year, weather conditions, nature of the event or other public health related criteria.

(c) Any wastewater removed shall be disposed of at a wastewater treatment facility in accordance with state and local wastewater disposal laws.

(14) The operator shall ensure that each portable toilet is serviced and sanitized as necessary to maintain sanitary conditions.

(15) At the conclusion of the gathering, each portable restroom unit shall be serviced then removed within 48 hours. The local health officer may extend or shorten this time because of the time of year, weather conditions, nature of the event, or to meet other public health related criteria.

R392-400-16. Penalty.

(1) Any person who violates this rule may be assessed a penalty as provided in Section 26-23-6.

(2) Each day a violation is committed or permitted to continue shall constitute a separate violation.

(3) In addition to other penalties imposed, any person who violates any requirement of this rule shall be liable for any expense incurred by the local health department in removing or abating any nuisance, source of filth, cause of sickness or infection, health hazard, or sanitation violation.

R392-400-17. Severability.

If a provision of this rule, or its application to any person or circumstance is declared invalid, the application of such provisions to other persons or circumstances, and the remainder of this rule shall be given effect without the invalidated provision or application.

KEY: public health, temporary mass gatherings, special events

Date of Last Change: March 10, 2022
